## The "BIG DAWG" 60

Coming Soon!

Join us Saturday, May 9, 2009 for the 2<sup>nd</sup> annual Big Dawg 60 Buddy Hare Scramble. The Big Dawg made its debut last year on May 10, 2008 and what a debut it was.

People came from all over to get a taste of the mountain side. The BIG DAWG bit hard and bit mean, giving full meaning to the terms "Rippin it Up & Tearin it Up!"

This 60 mile course is full of challenges and excitement. This will be one heck of a ride. So come on ...the BIG DAWG... dares you to BITE BACK!!!

## Lodge Construction

We've all been anxiously waiting for the completion of the Lodge. Alabama Power has been the hold up since December, but they're finally coming around to get things done. Just a little more patience folks and we'll be operating out of it before you know it.

This is going to be an exciting time as we move our operations from a small 3 room trailer to a 12,000 sq. ft.+ building. This means real office space, Hotel rooms, Pro Shop, Storage & Maintenance Facility, a restaurant with a menu reaching farther than microwavable corn dogs & pizza. That alone is worth shouting about. Lot's of opportunity awaits

## Looking Fine In 2009
